Love in the animal kingdom / a co-production of Thirteen Productions LLC and BBC in association with WNET; produced and directed by Mark Fletcher. Animals compete with everything they've got to find and secure a mate. For many, the all-important bonds they share as a couple are what enable the next generation to survive. But can these bonds be called love? In a look at the love life of animals, see all the subtle, outrageous, and romantic antics that go into finding a partner. These are love stories all right, as various and intriguing as the lovers themselves.
